# Memorandum

**Date:** June 18, 2009

**To:** The Board of County Commissioners

**From:** Developmental Impact Committee  
Executive Council

**Subject:** Developmental Impact Committee Recommendation

---

**APPLICANT:** Archimedean Properties L.L.C. (Z08-194)

## **SUMMARY OF REQUESTS:**

The applicant is seeking to modify conditions of Resolutions Z-16-05 and Z-31-06 and to modify paragraphs of a Declaration of Restrictions in order to submit revised plans showing (6) temporary modular classrooms, to increase the grade levels for the previously approved charter school and to increase the number of night functions/special activities for the charter school.

**LOCATION:** 12425 SW 72 Street (Sunset Drive), Miami-Dade County, Florida.

## **COMMENTS:**

This application went before the Developmental Impact Committee because the applicant is requesting to modify a previously approved charter school. Section 33-303.1(D)(7) of the Code of Miami-Dade County charges the Developmental Impact Committee (DIC) to address applications with respect to: (I) conformance with all applicable plans; (II) environmental impact; (III) impact on the economy; (IV) impact on essential services; and (V) impact on public transportation facilities and accessibility.

Charter schools are educational institutions which are authorized and maintained in accord with the provisions of Chapter 1002 and Chapter 1013.35, Florida Statutes, as same may be amended from time to time. All such public charter schools shall be additionally authorized locally by the Miami-Dade County School Board through a process established by that entity for the approval of the charter. Miami-Dade Land Use regulations relating to public charter school facilities are set forth in Sections 33-152 through 162 of the Code of Miami-Dade County which was established in 2004 pursuant to Ordinance 04-108. The purpose of this Section and relevant provisions of the CDMP are to provide standards for land use approval of public charter school facilities pursuant to said Ordinance. In addition, an Interlocal Agreement with the School Board of Miami-Dade County was also established pertaining to the siting of such facilities and is applicable in the unincorporated area.

The meeting of the DIC Executive Council was held and the attached Department memoranda were reviewed and considered by said Committee.

## **DIC RECOMMENDATION:**

**Approval with conditions** of requests #1 through #5 as set forth in the Department of Planning and Zoning's recommendation.

The Executive Council found that the proposed application, with the applied conditions, is in keeping with the Comprehensive Development Master Plan Land Use map designation for the subject parcel and is in compliance with Article XI - Public Charter School facilities of Chapter 33 of the Code of Miami-Dade County. In relation to the present and future development of the area, the Executive Council finds that the modifications to the charter school site, with the acceptance of the proffered covenant and the applied conditions, will permit a development which is **consistent** with the Comprehensive Development Master Plan (CDMP), and will not be contrary to the public interest. In addition, the Council also finds that the development will be **compatible** with the surrounding area and would not detrimentally impact same.

o **SUMMARY OF REQUESTS:**

The applicant is seeking to modify conditions of Resolutions Z-16-05 and Z-31-06 and to modify paragraphs of Declarations of Restrictions in order to submit revised plans showing (6) temporary modular classrooms, to increase the grade levels for the previously approved charter school up to 12<sup>th</sup> grade and to increase the number of night functions/special activities for the charter school.

o **LOCATION:** 12425 SW 72 Street (Sunset Drive), Miami-Dade County, Florida.

o **SIZE:** 9.36 Acres

**B. ZONING HEARINGS HISTORY:**

In 1985, pursuant to Resolution #-156-85, the Zoning Appeals Board (ZAB), approved a special exception to permit a private school, grades 5 through 12, including a monastery, a non-use variance of parking requirements and an unusual use to permit two entry features on a portion of the subject property. In 1987, pursuant to Resolution #4-ZAB-133-87, the monastery was granted a special exception to permit a church in conjunction with a monastery and school, an unusual use and special exception to permit a day care center and a modification of Resolution #Z-156-85 to permit the expansion of the previously approved school to include kindergarten through 4<sup>th</sup> grade. A non-use variance of parking requirements and sign regulations was also granted. In 2005, pursuant to Resolution #Z-16-05, a special exception was granted to permit a charter school for a maximum of 540 students in grades K-8<sup>th</sup>. Additionally, in 2006 pursuant to Resolution #Z-31-06 a special exception was granted to permit the expansion of the charter school from 540 to 800 students in grades K-8, along with modifications of conditions of Resolution #Z-16-05.

**C. COMPREHENSIVE DEVELOPMENT MASTER PLAN (CDMP):**

1. The Adopted 2015 and 2025 Land Use Plan designates the subject property as being approximately **4 mile east of and within the Urban Development Boundary for Agriculture use**. The area designated as "Agriculture" contains the best agricultural land remaining in Miami-Dade County. As stated in the Miami-Dade County Strategic Plan, approved in 2003 by the Board of County Commissioners, protection of viable agriculture is a priority. The principal uses in this area should be agriculture, uses ancillary to and directly supportive of agriculture such as packing houses, and farm residences. Uses ancillary to, and necessary to support the rural residential community of the agricultural area may also be approved, including houses of worship; however, schools shall not be approved in Agriculture areas but should be located inside the UDB in accordance with Policy EDU-2.A.

In order to protect the agricultural industry, uses incompatible with agriculture, and uses and facilities that support or encourage urban development are not allowed in this area. Residential development that occurs in this area is allowed at a density of no more than one unit per five acres. Creation of new parcels smaller than five acres for residential use may be approved in the Agriculture area only if the immediate area surrounding the subject parcel on three or more sides is predominately parcelized in a similar manner, and if a division of the subject parcel would not precipitate additional land division in the area. No business or industrial use should be approved in the area designated Agriculture unless the use is directly supportive of local agricultural production, and is located on an existing arterial roadway, and has adequate water supply and sewage disposal in accordance with Chapter 24 of the County Code, and the development order specifies the approved use(s); however, packing houses for produce grown in Florida are not restricted to locating on an existing arterial roadway. Other uses compatible with agriculture and with the rural residential character may be approved in the Agriculture area only if deemed to be a public necessity, or if deemed to be in the public interest and the applicant demonstrates that no suitable site for the use exists outside the Agriculture area. Existing quarrying and ancillary uses in the Agriculture area may continue operation and be considered for approval of expansion.

2. **Educational Element Goal.** Develop, operate, and maintain a system of public education by Miami-Dade County Public Schools, in cooperation with the County and other appropriate governmental agencies, which will strive to improve the quality and quantity of public educational facilities available to the citizenry of Miami-Dade County, Florida.
3. **Policy EDU-2A.** It is the policy of Miami-Dade County that the Miami-Dade County Public School System shall not purchase sites for schools nor build new schools outside of the Urban Development Boundary (UDB), and that new elementary schools constructed should be located at least  $\frac{1}{4}$  mile inside the UDB; new middle schools should be located at least  $\frac{1}{2}$  miles inside the UDB, and; new senior high schools should be located at least one mile inside the UDB. In substantially developed areas of the County where suitable sites in full conformance with the foregoing are not available and a site or portion of a site should conform with the foregoing location criteria and the principal school buildings and entrances should be placed as far as functionally practical from the UDB. The same criteria of this paragraph that apply to public schools also pertain to private schools.
4. **Objective EDU-1.** Work towards the reduction of the overcrowding which currently exists in the Miami-Dade County Public School System while striving to attain an optimum level of service. Strive to provide additional solutions to overcrowding so that countywide enrollment in Miami-Dade County's public schools does not exceed 115% of current Florida Inventory of School Houses (FISH) capacity (both permanent and relocatables). Additionally, by 2010 Miami-Dade County Public Schools shall meet state requirements for class size. This numeric objective is adopted solely as a guideline for school facility planning and shall not be used as a Level of Service Standard or as a basis for denial of development orders.
5. **Policy EDU-1D.** Cooperate with the Miami-Dade County Public School System in their efforts to provide public school facilities to the students of Miami-Dade County, which operate on optimum capacity, in so far as funding available. Operational activities may be developed and implemented, where appropriate, which mitigate the impacts of overcrowding while maintaining the instructional integrity of the educational program.
6. **Policy EDU-2D.** When considering a site for possible use as an educational facility, the district should review the adequacy and proximity of other public facilities and services necessary to the site such as roadway access, fire flow and potable water, sanitary sewers, and police and fire services
7. **Policy LU-2A.** All development orders authorizing new, or significant expansion of existing, urban land uses shall be contingent upon the provision of services at or above the Level of Service (LOS) standards specified in the Capital Improvement Element (CIE).
8. **Policy LU-4A.** When evaluating compatibility among proximate land uses, the County shall consider such factors as noise, lighting, shadows, glare, vibration, odor, runoff, access, traffic, parking, height, bulk, scale of architectural elements, landscaping, hours of operation, buffering, and safety, as applicable.

9. **Policy LU-9B.** Miami-Dade County shall continue to maintain, and enhance as necessary, regulations consistent with the CDMP which govern the use and development of land and which, as a minimum, regulate:

- i) Land use consistent with the CDMP Land Use Element and CDMP Level of Service Standards;
- ii) Subdivision of land;
- iii) Protection of potable water wellfields;
- iv) Areas subject to seasonal or periodic flooding;
- v) Stormwater management
- vi) Signage; and
- vii) On-site traffic flow and parking to ensure safety and convenience and that no avoidable off-site traffic flow impediments are caused by development.

**Section 33-311(A)(7) (Generalized Modification Standards).** The Board shall hear applications to modify or eliminate any condition or part thereof which has been imposed by any final decision adopted by resolution; provided, that the appropriate Board finds after public hearing that the modification or elimination, in the opinion of the Community Zoning Appeals Board, would not generate excessive noise or traffic, tend to create fire or other equally or greater dangerous hazard, or provoke excessive overcrowding of people, or would not be incompatible with the area concerned, when considering the necessity and reasonableness of the modification or elimination in relation to the present and future development of the area concerned.

**Section 33-311(A)(17) (Modification or Elimination of Conditions or Covenants After Public Hearing).** The Community Zoning Appeals shall approve applications to modify or eliminate any condition or part thereof which has been imposed by any zoning action, and to modify or eliminate any restrictive covenants, or parts thereof, accepted at public hearing, upon demonstration at public hearing that the requirements of at least one of the paragraphs of this section have been met. Upon demonstration that such requirements have been met, an application may be approved as to a portion of the property encumbered by the condition or the restrictive covenant where the condition or restrictive covenant is capable of being applied separately and in full force as to the remaining portion of the property that is not a part of the application, and both the application portion and the remaining portion of the property will be in compliance with all other applicable requirements of prior zoning actions and of this chapter.

**Section 33-153. Public hearing required in all districts.**

The establishment, expansion or modification of a charter school facility is permitted in any zoning district after public hearing upon demonstration that the standards established in this article have been met. Any existing covenant or declaration of restrictions relating to an existing charter school facility shall be modified or deleted only in accordance with the provisions of Article XXXVI of the zoning code of Miami-Dade County.

#### H. ANALYSIS

The subject property is a 9.36-acre parcel of land located at 12425 SW 72 Street which is currently developed as a K-8 charter school for 800 students. The applicant is requesting to increase the permitted grade levels from K-8 to K-12 but is not proposing to increase the number of students approved. The revised plan submitted by the applicant, indicates an existing two-story building with 171 parking spaces for faculty and visitors and six (6) temporary modular classrooms located on the northern portion of the site. There are two entrances located on SW 72<sup>nd</sup> Street for vehicular traffic. The applicant is requesting an additional six (6) temporary modular classrooms to be located adjacent to the current modular units. The site plan depicts open space and recreational areas, including a soccer field and basketball court, interspersed throughout the northern, eastern and western portions of the site. The northern and eastern portions of the site are enclosed by 6' high wooden and chain link fencing.

The Department of Environmental Resources Management (**DERM**) has **no objection** to this application. However, the applicant will have to comply with all DERM conditions as set forth in their memorandum. Additionally, the Public Works Department (**PWD**) **does not object** to the application provided the applicant adheres to the conditions listed in their memorandum. The Miami-Dade Transit (**MDT**), the **Miami-Dade Aviation Department** and Miami-Dade Water and Sewer (**WASD**) have **no objections** to this application. The **Miami-Dade Fire Rescue Department (MDFR)** also has **no objection** to this application. Their memorandum indicates that the estimated travel response time of **6:40** minutes complies with the performance objective of national industry. The Miami-Dade County Public Schools (**MDCPS**) did not comment on this application.

The Land Use Plan (LUP) map of the Comprehensive Development Master Plan (CDMP) designates this site for **Agriculture** use. The area designated as "Agriculture" contains the best agricultural land remaining in Miami-Dade County. As stated in the Miami-Dade County Strategic Plan, approved in 2003 by the Board of County Commissioners, protection of viable agriculture is a priority. The principal uses in this area should be agriculture, uses ancillary to and directly supportive of agriculture such as packing houses, and farm residences. Uses ancillary to, and necessary to support the rural residential community of the agricultural area may also be approved, including houses of worship; however, **schools** shall not be approved in Agriculture areas but should be located inside the UDB in accordance with Policy EDU-2A.

The subject property was approved for use as a private school in 1985, at which time, the applicant's contention that the school was a public necessity and of public interest in this area was confirmed by the Zoning Appeals Board. The Zoning Appeals Board also concluded that there were no other suitable sites for the use outside the Agriculture area. The Agriculture designation of the Master Plan indicates that other uses **compatible** with agriculture and the rural residential character may be approved in the Agriculture area only if deemed to be a public necessity, or if deemed to be in the public interest and the applicant demonstrates that no suitable site for the use exists outside the Agriculture area. The changes being requested by the applicant are to increase the grade levels from K-8 to K-12, place six temporary modular structures for classroom use on the site and increase

the number of functions allowed on the site annually. In addition, the current charter school serves students from grades K-8<sup>th</sup>. The addition of grades 9-12 provides a continuous feeder pattern for the students by allowing the 8<sup>th</sup> grade students to continue their high school education at the current site. Also, the applicant has indicated that current pending Florida Class Size Amendment will require the applicant to provide more classrooms at the property than are currently in place. Staff opines that the current application does not represent a material change to the previous applications, except as noted, and therefore staff opines that the application is in keeping with the established intensity and uses that currently surround the subject property and is, therefore, **compatible** with the neighborhood and **consistent** with the objectives of the CDMP.

When requests #1 through #5 are analyzed under the Generalized Modification Standards, Section 33-311(A)(7), the addition of 6 temporary modular structures, the proposed increase in grade levels, and the increase of events per year from 10 to 24, in staff's opinion, will not adversely impact the surrounding area and will be **compatible** with same. While staff acknowledges there will be some impacts with the increase of night activities/functions and the addition of grade levels, those impacts are mitigated by the fact that the additional events will be held primarily during off-peak hours in an area which is not intensely residential. In addition, the applicant is not allowing students to drive to school which will alleviate potential parking impacts to the surrounding community. When considering the necessity for and the reasonableness of the requests, staff is of the opinion that the approval of this application will not have an unfavorable effect on the area, and will not be contrary to the public interest. Staff's review of both the previously approved plans and the newly submitted plans reveals that, overall, the only physical difference in the plans is the addition of the six (6) temporary modular structures which are adjacent to the six (6) existing structures. The applicant has committed to removing the six (6) temporary modular structures by August 1, 2016. The increase in grade levels from K-8 to K-12 will not generate excessive overcrowding of people, or tend to provoke a nuisance since the applicant is not requesting an increase in the number of students and therefore there will be no additional impacts to the community. Additionally, staff opines that with the addition of high school grades there will be a need to increase night functions such as sporting events and other social functions geared primarily to the high school students. It should be noted that while the applicant has requested an increase in night activities, the original times for concluding the functions/activities remains the same. The new staggered arrival and dismissal times also reflect the additional grade levels and is consistent with the Public Works requirements. As previously mentioned, the school is already in operation and has complied with all the conditions imposed by the previous Resolutions and Declarations. As such, staff opines that the approval of requests #1-5 would not be detrimental to the surrounding area and is **compatible** with same. As such, staff recommends approval with conditions of requests #1- #5 under Section 33-311(A)(7).

The Standard under Section 33-311(A)(17), Modification or Elimination of Conditions and Covenants After Public Hearing, provide for the approval of a zoning application which demonstrates at public hearing that the modification or elimination of conditions of a previously approved resolution or restrictive covenant complies with one of the applicable modification or elimination standards and does not contravene the enumerated public interest standards as established. However, the applicant has not submitted documentation to indicate which modification or elimination standards are applicable to this application. Due to the lack of information, staff is unable to properly analyze requests

#1 thru #5 under said Standards and, as such, staff recommends denial without prejudice under Section 33-311(A)(17).

Accordingly, staff recommends approval with conditions of requests #1 through #5 under Section 33-311(A)(7) (Generalized Modification Standards) and denial without prejudice of same under Section 33-311(A)(17) (Modification or Elimination of Conditions or Covenants After Public Hearing).

**I. RECOMMENDATION:**

Approval with conditions of requests #1 through #5 under Section 33-311(A)(7) (Generalized Modification Standards) and denial without prejudice of same under Section 33-311(A)(17) (Generalized Modification or Elimination of Conditions or Covenants After Public Hearing).

**J. CONDITIONS:**

1. That all the conditions of Resolution No. Z-31-06 and Z-16-05 remain in full force and effect except as herein modified.
2. That a revised Declaration of Restrictions be submitted to the Department of Planning and Zoning within 90 days after final public hearing approval of this application, unless a time extension is granted by the Director of Planning and Zoning, for a good cause.
3. That the use be established and maintained in accordance with the approved plan.
4. That the applicant comply with all the applicable conditions, requirements, recommendations, requests and other provisions of the various Departments as contained in the Departmental memoranda which are part of the May 6, 2009 DIC record of this application and incorporated herein by reference.
5. That the school gates be opened at least 30 minutes prior to the arrival and dismissal times.
6. That the charter school use be limited to grades Kindergarten through 12<sup>th</sup> and be limited to a maximum of 800 students.
7. That there will be staggered shifts at arrival and dismissal times for students at the charter school, separated by a minimum of 30 minutes. The arrival and dismissal times shall be as follows:

8:00 a.m. - 3:00 p.m.	Grades K-5 (Wednesdays 8:00 a.m. – 2:00 p.m)
8:40 a.m. - 4:00 p.m.	Grades 6-8 (Wednesdays 8:40 a.m. – 3:00 p.m)
7:30 a.m.- 3:30 p.m.	Grades 9-12 (Wednesdays 7:30 a.m. – 2:30 p.m.)
8. That at time of yearly renewal of Certificate of Use, the applicant shall submit to the Department of Planning and Zoning a letter from the principal of the school detailing the number of students and the grade levels that are currently enrolled in said facility.

9. That the temporary modular structures on site be removed from the property by August 1, 2016.
10. That high school students will not be permitted to drive to school.

Miami Dade County Public Works Department Traffic Engineering Division recommends approval, if and only if, the recommendations, as indicated below, are incorporated into the plans and related documentation.

The Traffic Engineering Division has reviewed the Site Plans, dated October 1, 2008, submitted to the P&Z Department October 6, 2008, for the proposed facility located at SW 72<sup>nd</sup> St. & SW 123<sup>rd</sup> Avenue and has the following recommendations and comments:

- Site Specific Comments:

1. The Site Plan is acceptable as submitted.

- Project Requirements:

1. A proposed schedule of arrival and dismissal times including grade level and number of students are required to be provided in a covenant and/or "Letter of Intent" for this facility. This schedule shall have a maximum of three shifts per arrival and dismissal period and shall not exceed the previously approved number of students that may be scheduled to arrive or be dismissed in a single shift.
2. The applicant shall provide the following statement in a covenant and/or "Letter of Intent": The School shall provide trained personnel to manage traffic operations and direct any vehicles which may stack in through lanes or non-designated parking areas in the public rights of way onto the school site during dismissal periods, and possibly, arrival periods onsite.
3. A Maintenance of Traffic (MOT) operation plan for arrival and dismissal periods must be provided in a covenant for this facility.

- Standard Comments:

1. Public sidewalks are required to extend across all school driveways around the site. This will include pedestrian (ADA) ramps where applicable. All pedestrian crosswalks around the school must have zebra pavement markings.

2. Safe sight distance clearance is required at all driveways; therefore, no trees shall remain or be planted in any clear zones. No tree foliage or branches shall descend below 7 ft within the public right-of-way. All tree placements in sight triangles shall meet or exceed FDOT Index 546. Any proposed planting, relocation or removal of trees and other foliage including any installation of irrigation systems in the public right-of-way must be approved by the R.A.A.M. Division of this Department. Also, any relocation or removal of trees must be approved by DERM. These approvals should be applied for, and received, prior to DIC Executive Council approval of this project. A "Covenant for Maintenance" agreement, recorded in the public record, must be provided prior to permitting any of these types of installations within the public right-of-way.
3. Plans submitted for Permit shall conform to MUTCD, MDPWD and other appropriate standards for engineering design in the public right-of-way. Prior to formal submittal of plans for approval and permitting, a Dry Run Paving and Drainage submittal is required to review compliance with DIC conditions for approval and appropriate standards, and to rectify any discrepancies between existing facilities, plans, conditions for approval, or standards. Existing and proposed striping, signs, and lane widths must be shown on these plans for all adjacent roadways. Also, plans must indicate any existing or proposed private driveways across the streets adjacent to the school site.
4. All roadway improvements including, but not limited to, traffic signs, markings and signals shall be installed by the applicant adjacent to, or nearby, this facility to ameliorate any adverse vehicular impacts caused by the traffic attracted to this facility. Also, traffic control devices, e.g., crosswalks, may be required at locations remote from this site along safe routes to school to provide for pedestrian student safety. These requirements may be determined at the time of Dry Run submittal of Paving and Drainage Plans.
5. The Public Works Department reserves the right to add or modify requirements based upon any additional information that may be received during this review process.

Should you need additional information or clarification on this matter, please contact me at (305) 375-2030.

As requested by the Department of Planning and Zoning, the Miami-Dade Aviation Department (MDAD) has reviewed Developmental Impact Committee (DIC) Zoning Application #08-194, Archimedean Properties, Inc. The applicant is requesting to increase the grade levels at the existing charter school from K-8 to K-10 and to modify a previous Resolution. The subject property is 9.3 acres and is located at 12425 Sunset Drive, Miami-Dade County, Florida.

Based on the available information, MDAD has determined that the proposed land use is compatible with operations from Kendall-Tamiami Executive Airport.

**Subject:** C-11 #Z2008000194-2<sup>nd</sup> Revision  
Archimedean Properties, LLC  
12425 Sunset Drive  
Modification of a Previous Resolution to Increase the Grades Levels  
(AU) (9.36 Acres)  
25-54-39

The Department of Environmental Resources Management (DERM) has reviewed the subject application and has determined that it meets the minimum requirements of Chapter 24 of the Code of Miami-Dade County, Florida (the Code). Accordingly, DERM may approve the application, and the same may be scheduled for public hearing.

## Wellfield Protection

The subject property is located within the Basic Wellfield Protection Area for the Southwest Wellfield. Specifically, the site is situated within the 100-day travel time contour of the said wellfield. The subject property is also located within the West Wellfield interim protection area. Therefore, development on the subject property shall be in accordance with regulations established in Section 24-43 of the Code of Miami-Dade County, Florida (the Code).

The owner of the property has submitted properly executed covenant running with the land in favor of Miami-Dade County as required by Section 24-43.1(5)(a) of the Code. Consequently, DERM may approve the subject application and the same may be scheduled for public hearing.

## Potable Water Supply and Wastewater Disposal

Public water and public sanitary sewers can be made available to the subject property. Therefore, connection of the proposed development to the public water supply system and sanitary sewer system shall be required in accordance with Code requirements.

Existing public water and sewer facilities and services meet the Level of Service (LOS) standards set forth in the Comprehensive Development Master Plan (CDMP). Furthermore, the proposed development order, if approved, will not result in a reduction in the LOS standards subject to compliance with the conditions required by DERM for this proposed development order.

Notwithstanding the foregoing, in light of the fact that the County's sanitary sewer system has limited sewer collection, transmission, and treatment capacity, no new sewer service connections can be permitted, unless there is adequate capacity to handle the additional flows that this project would generate. Consequently, final development orders for this site may not be granted if adequate capacity

in the system is not available at the point in time when the project will be contributing sewage to the system. Lack of adequate capacity in the system may require the approval of alternative means of sewage disposal. Use of an alternative means of sewage disposal may only be granted in accordance with Code requirements, and shall be an interim measure, with connection to the public sanitary sewer system required upon availability of adequate collection/transmission and treatment capacity.

#### Pollution Control

Section 24-18 of the Code authorizes DERM to require operating permits from facilities that could be a source of pollution. The applicant is advised that the requested use of the subject property may require operating permits from DERM. The Permitting Section of DERM's Pollution Regulation and Enforcement Division may be contacted at (305) 372-6600 for further information concerning operating requirements.

#### Wetlands

The subject properties do not contain wetlands as defined by Section 24-5 of the Code; therefore, a Class IV Wetland Permit will not be required.

The applicant is advised that permits from the Army Corps of Engineers (305-526-7181), the Florida Department of Environmental Protection (561-681-6600) and the South Florida Water Management District (1-800-432-2045) may be required for the proposed project. It is the applicant's responsibility to contact these agencies.

#### Tree Preservation

Tree Removal Permit 2007-TREE-PER-00646 was issued only for the property with folio 30-4925-000-0620 to Archimedean Properties LLC, on December 28, 2007. This permit expired on December 28, 2008. Please be advised that the required replanting and final inspection as per Tree Removal Permit 2007-TREE-PER-00646 must take place. The applicant should renew this permit or request a final inspection to avoid violation of permit conditions. A two weeks notice is required prior to the final inspection.

The applicant has submitted to DERM a landscape plan entitled "Existing Landscape Plan", sheet L-1, dated 1/16/09 (revised 3/30/2009) and prepared by Anthony E Tzamtzis Architect, which depicts the existing trees on site "to remain". Therefore, this Section recommends approval of this zoning application.

However, please be advised that a new Miami-Dade County Tree Removal Permit is required prior to the removal or relocation of any other tree on the subject properties. Please contact this Program at (305) 372-6574 for information regarding tree permits.

#### Enforcement History

DERM has found no open or closed enforcement records for the subject property.

#### Concurrency Review Summary

DERM has conducted a concurrency review for this application and has determined that the same meets all applicable LOS standards for an initial development order, as specified in the adopted CDMP for potable water supply, wastewater disposal, and flood protection. Therefore, the application has been approved for concurrency subject to the comments and conditions contained herein.

This concurrency approval does not constitute a final concurrency statement and is valid only for this initial development order, as provided for in the adopted methodology for concurrency review.

Additionally, this approval does not constitute any assurance that the LOS standards would be met by any subsequent development order applications concerning the subject property.

This memorandum shall constitute DERM's written approval, as required by the Code.

If you have any questions concerning the comments, or wish to discuss this matter further, please contact Enrique A. Cuellar at (305) 372-6764.

**From:** Herminio Lorenzo, Director  
Miami-Dade Fire Rescue Department

**Subject:** DIC # 08-194 Archimedean Properties, Inc.  
12425 Sunset Drive, Miami-Dade County, FL

According to the letter of intent, the applicant is seeking to increase the grade levels at the existing charter school from K-8 to K-10 and to modify a previous Resolution. The Miami-Dade Fire Rescue Department (MDFR) has **no objections** to DIC application #Z2008000194. The request will have no impact to capacity or levels of service that MDFR provides to that area of the County.

## EXISTING SERVICES

Based on data retrieved during calendar year 2007, the average travel time to the vicinity of the proposed development was **6:40** minutes. Performance objectives of national industry standards require the assembly of 15-17 firefighters on-scene within 8-minutes at 90% of all incidents. Travel time to the vicinity of the proposed development complies with the performance objective of national industry.

The stations responding to a fire alarm will be:

STATION	ADDRESS	EQUIPMENT	STAFF
9	7777 SW 117 <sup>th</sup> Avenue	Rescue, ALS Engine	7
57	8501 SW 127 <sup>th</sup> Avenue	Rescue	3
37	4200 SW 142 <sup>nd</sup> Avenue	Rescue, ALS Engine	7

DIC Coordinator  
Department of Planning and Zoning

**From:** John Garcia  
Principal Planner  
Miami-Dade Transit Planning & Development Division

**Subject:** Review of DIC Project No. 08-194 (Archimedean Properties, Inc.)

## Project Description

The applicant is requesting to increase the grade levels from K-8 to K-10 and to modify a previously approved resolution. The subject property is 9.3 acres and is located at 12425 Sunset Drive in Miami-Dade County, Florida.

## Current Transit Service

There is direct transit service within the immediate vicinity of the application site. The closest transit service is provided by Metrobus Routes 72 and 272/Sunset KAT along SW 72<sup>nd</sup> Street (Sunset Drive) and by the Metrobus Route 56 along SW 117<sup>th</sup> Avenue. The service headways for the above mentioned routes (in minutes) are as follows:

**Metrobus Route Service Summary**  
**Archimedean Properties, Inc. Application Site**

Route(s)	Service Headways (in minutes)						Proximity to Bus Route (miles)	Type of Service
	Peak (AM/PM)	Off-Peak (middays)	Evenings (after 8pm)	Overnight	Saturday	Sunday		
56	60	60	50	N/A	N/A	N/A	0.7	F
72	30	30	30	N/A	30	30	0.0	F
272 / Sunset KAT	9	N/A	N/A	N/A	N/A	N/A	0.3	E / F

**Notes:** L means Metrobus local route service  
F means Metrobus feeder service to Metrorail  
E means Express or Limited-Stop Metrobus service

## Future Transportation/Transit Improvements

Currently, the 2009 Transportation Improvement Plan (TIP) does not propose any improvements in the immediate vicinity of this project. The 2030 Long Range Transportation Plan (LRTP) does not propose any improvements in the immediate vicinity of this project.

The draft 2008 ten-year Transit Development Plan (TDP), that currently is in the review/approval phase before adoption by the Board of County Commissioners identifies in its 2018 Recommended Service Plan the following improvements/adjustments on the existing routes serving the vicinity of the project:

- Route 56: No planned improvements.
- Route 72: Extend route westward to the future West Kendall Terminal.  
Adjust weekend headway from 30 to 60 minutes and discontinue the branch to Miller Square.
- Route 272: Realign route to the future West Kendall Terminal.

#### **MDT Comments/Recommendations**

Miami-Dade Transit (MDT) currently provides local bus service to the school and in addition, the westbound bus stop directly in front of the subject property has a covered shelter. Based on the information presented, MDT has no objections to this project.

#### **Concurrency**

This project has been reviewed by MDT for mass transit concurrency and was found to be concurrent with the level-of-service standards established for Miami-Dade County.

**DECLARATION OF RESTRICTIONS**

**Amendment and Restatement of the Declaration of Restrictions**  
**Recorded at Official Records Book 23679, Pages 4935-4943**

THIS DECLARATION OF RESTRICTIONS is made this 23 day of August, 2006, by **ARCHIMEDEAN PROPERTIES, LLC** a Florida limited liability company (the "Owner"), in favor of Miami-Dade County, a political subdivision of the State of Florida (the "County").

**WITNESSETH:**

WHEREAS, the Owner holds fee simple title to that certain property lying, being and situated in Miami-Dade County, Florida, to-wit:

See attached Exhibit "A"  
hereinafter referred to as the "Property;"

WHEREAS, a Declaration of Restrictions (hereinafter referred to as the "Declaration") in favor of Miami-Dade County, was recorded in the Public Records of Miami-Dade County in Official Records Book 23679, at Pages 4935 to 4943, which placed certain restrictions and conditions on the use of the Property;

WHEREAS, Public Hearing No. 2006-55 (the "Application") was held before the Board of County Commissioners (the "Board") on August 24, 2006, and deferred to September 14, 2006, at which hearing the Board adopted Resolution No. Z-31-06 (the "Resolution"), a copy of which is attached as Exhibit "B;"

WHEREAS, the Resolution approved the modification of Paragraphs 3, 9, and 12 of the Declaration as follows:

**Paragraph No. 3**

FROM:

"3. The use of the Property shall be established and maintained substantially in accordance with that certain plan entitled 'Archimedean Academy Charter School,' as prepared by Civica, dated stamped received on April 19, 2005, consisting of nine (9) sheets (including the cover page)."

TO:

"3. The use of the Property shall be established and maintained substantially in accordance with that certain plan entitled 'Archimedean Academy Charter School,' as prepared by Civica, dated stamped received on June 7, 2006, consisting of eleven (11) sheets (including the cover page)."

**Paragraph No. 9**

FROM:

"9. That the Charter School use shall be limited to Kindergarten (K) through Eight (8<sup>th</sup>) grades for a maximum of five hundred and forty (540) students (unless a different enrollment and/or grade levels are approved in the future by the County following an application by the Owner, as provided in the Code of Miami-Dade County and provided the Declaration is modified as provided herein, all subject to any conditions in the approving resolution)."

TO:

"9. That the Charter School use shall be limited to Kindergarten (K) through Eighth (8<sup>th</sup>) grades for a maximum of eight hundred (800) students (unless a different enrollment and/or grade levels are approved in the future by the County following an application by the Owner, as provided in the Code of Miami-Dade County and provided the Declaration is modified as provided herein, all subject to any conditions in the approving resolution)."

**Paragraph No. 12**

FROM:

"12. The Owner shall comply with all of the applicable conditions, requirements, recommendations, requests and other provisions of the various Departments as contained in the Developmental Impact Committee ("DIC") report."

TO:

"12. That the applicant comply with all of the applicable conditions, requirements, recommendations, requests and other provisions of the various Departments as contained in the Departmental memoranda, which are part of the record of this application and incorporated herein by reference."

WHEREAS, the Owner and the County desire that the covenants herein amend, restate and supersede those of the Declaration;

NOW THEREFORE, IN ORDER TO ASSURE the County that the representations made during consideration of the Application will be abided by, the Owner freely, voluntarily and without duress makes the following declaration of restrictions covering and running with the Property:

1. Prior to the submittal of an application for building permit and/or Certificate of Use in connection with the Property, the Owner shall submit a site plan (the "Site Plan") to the Department and meet with the approval of the Director of the Department. The Site Plan shall include, without limitation, the location of structure or structures, types, sizes and location of signs, light standards, off-street parking areas, exits and entrances, drainage, walls, fences, and landscaping.
2. The Site Plan shall be in a form which is substantially similar to the Site Plan previously submitted with the Application.

3. The use of the Property shall be established and maintained substantially in accordance with that certain plan entitled "Archimedean Academy Charter School," as prepared by Civica, dated stamped received on June 7, 2006, consisting of eleven (11) sheets (including the cover page).
4. Prior to the issuance of a building permit for the Charter School, the Owner shall submit to the Department for its review and approval a landscaping plan that indicates the type and size of plant material to be used on the Property. The plant material shall have been installed in accordance with such landscaping plan prior to the issuance of a certificate of use.
5. Upon compliance with all terms and conditions of the building permit applicable to the Property, the Owner shall obtain a certificate of use from (and promptly renew the same annually with) the Department. Such certificate of use shall be subject to cancellation upon violation of any of the conditions contained within the building permit.
6. No outside speakers, other than in connection with emergency systems, shall be permitted on the Property.
7. The waste pick-up for the Charter School shall be performed by a private commercial entity and shall be limited to pick-up between the hours of 9:00 a.m. and 4:00 p.m., Monday through Friday, provided that such pick-up shall not be performed during the arrival and dismissal times.
8. The Charter School gates shall be opened at least thirty (30) minutes prior to the arrival and dismissal times.

9. The Charter School shall have staggered start and dismissal times as follows:
 

7:30 a.m. – 1:30 p.m.	Grades K – 1	(178 students)
7:30 a.m. – 2:30 p.m.	Grades 2 – 3	(178 students)

Year 3	2008-09 School Year	Addition of 60 students (740 students)
Year 4	2009-10 School Year	Addition of 60 students (800 students)
  
11. That night activities and/or functions at the Charter School shall be limited to ten (10) events per year and shall end no later than 10:00 p.m.
  
12. If the Charter School is constructed but fails to begin operation and/or the Charter School fails after establishment, the Owner, within thirty-six (36) months of the Charter School's failure to begin operation or closure, shall:
  - (a) cause the Charter School to be in full compliance with all zoning regulations applicable to the Property allowing a use other than the charter school use, or
  - (b) transfer the operation of the Charter School to another charter school operator or to the Miami-Dade County School Board, after securing the necessary approvals from the Miami-Dade County School Board, or
  - (c) convert the Charter School to a permitted use within the zoning district applicable to the Property, provided said use has first been authorized through the issuance of the appropriate permits from the Department, or
  - (d) secure necessary public hearing approvals to convert the Charter School to a use not otherwise permitted within the zoning district applicable to the Property.

13. In addition to the foregoing provisions, the Owner agrees to comply with all of the applicable conditions, requirements, recommendations, requests and other provisions of the various Departments as contained in the Departmental memoranda, which are part of the record of the Application and incorporated herein by reference.

# EXHIBIT "B" (3 of 8)

The purpose of these requests is to allow the applicant to submit revised plans for the previously approved charter school, to increase the number of students, to ensure that the current departmental memos to the DIC be incorporated as part of the approval of this application, and to have no limit on the number of night functions that could occur at the school.

Upon a demonstration that the applicable standards have been satisfied, approval of requests #2 - #5 may be considered under §33-311(A)(7) (Generalized Modification Standards) or §311(A)(17) (Modification or Elimination of Conditions or Covenants After Public Hearing).

The aforementioned plans are on file and may be examined in the Zoning Department. Plans may be modified at public hearing.

**SUBJECT PROPERTY:** The east ½ of the SE ¼ of the SW ¼ of the SW ¼, less the south 50' and the west ½ of the SW ¼ of the SE ¼ of the SW ¼, all in Section 25, Township 54 South, Range 39 East.

**LOCATION:** 12425 S.W. 72 Street, Miami-Dade County, Florida, and

*WHEREAS*, a public hearing of the Board of County Commissioners was advertised and held, as required by the Zoning Procedure Ordinance, and all interested parties concerned in the matter were given an opportunity to be heard, and

*WHEREAS*, this Board has been advised that the subject application has been reviewed for compliance with concurrency requirements for levels of services and, at this stage of the request, the same was found to comply with the requirements, and

*WHEREAS*, upon due and proper consideration having been given to the matter and to the recommendation of the Developmental Impact Committee, it is the opinion of this Board that the requested special exception to permit the expansion of a charter school from 540 students to 1,080 students in grades K-8 be approved on a modified basis to permit a gradual expansion during a five year period to a maximum of 800 students in grades K - 8 (Item #1) would be compatible with the area and its development and would conform with the requirements and intent of the Zoning Procedure Ordinance, and that the requested modifications of Conditions #3 & #11 of Resolution Z-16-05, passed and adopted by the Board of County Commissioners (Item #2), and of Paragraphs #3, #9 & #12 of a Declaration of Restrictions recorded in Official Records Book 23679, Pages

Year 4	2009-2010 School Year	addition of 60 students (800 Students)

3. That a revised Declaration of Restrictions be submitted to the Department within 90 days of approval of this application unless a time extension is granted for good cause shown.
4. That the number of night-time activities at the school be limited to 10 events per year and that the time of such activities do not exceed 10:00 pm.
5. That the proffered covenant be amended to include all the conditions and requirements of the Public Works Department

*BE IT FURTHER RESOLVED*, that the requested modification of Conditions #3 & #11 of Resolution Z-16-05, passed and adopted by the Board of County Commissioners (Items #2) on a modified basis, as modified shall read as follows:

3. That in the approval of the plan, the same be substantially in accordance with that submitted for the hearing entitled 'Archimedean Academy Charter School,' as prepared by Civica, consisting of 11 sheets, dated stamped received June 7, 2006.
11. That the charter school use shall be limited to Grades K-8<sup>th</sup> for a maximum of 800 students.

*BE IT FURTHER RESOLVED*, that the requested modification of Paragraphs #3, #9 & #12 of a Declaration of Restrictions recorded in Official Records Book 23679, Pages 4935 – 4943 (Items #4) on a modified basis, as modified shall read as follows:

3. The use of the property shall be established and maintained substantially in accordance with that certain plan entitled 'Archimedean Academy Charter School,' as prepared by Civica, dated stamped received on June 07, 2006, consisting of eleven (11) sheets (including the cover page)."

# EXHIBIT "B" (6 of 8)

9. That the Charter School use shall be limited to Kindergarten (K) through Eighth (8<sup>th</sup>) grades for a maximum of eight hundred (800) students (unless a different enrollment and/or grade levels are approved in the future by the County following an application by the owner, as provided in the Code of Miami-Dade County and provided the declaration is modified as provided herein, all subject to any conditions in the approving resolution)."
12. That the applicant comply with all of the applicable conditions, requirements, recommendations, requests and other provisions of the various Departments as contained in the Departmental memoranda which are part of the record of the application and incorporated herein by reference.

*BE IT FURTHER RESOLVED*, that the requested deletions of Condition #9 of Resolution Z-16-05 passed and adopted by the Board of County Commissioners (Item #3) and of Paragraph #10 of Declaration of Restrictions recorded in Official Record Book 23679, Pages 4935 – 4943 (Item #5) be and the same are hereby denied without prejudice.

*BE IT FURTHER RESOLVED*, notice is hereby given to the applicant that the request herein constitutes an initial development order and does not constitute a final development order and that one, or more, concurrency determinations will subsequently be required before development will be permitted.

The Director is hereby authorized to make the necessary changes and notations upon the maps and records of the Miami-Dade County Department of Planning and Zoning and to issue all permits in accordance with the terms and conditions of this resolution.
